Description

Data Scientist Job in Maestro Human Resource Pte Ltd

Maestro Human Resource Pte Ltd is looking for a **Data Scientist** to join our team! If you love working with data, solving problems, and finding insights, this job is for you! You will analyze data, build models, and help improve business decisions.

(adsbygoogle = window.adsbygoogle || []).push({});

Responsibilities:

- Collect, clean, and analyze large datasets.
- Develop machine learning models to solve business problems.
- Identify trends and patterns from data.
- Create reports and visualizations to present insights.
- Work with different teams to improve decision-making.
- Use statistical methods to solve business challenges.
- Optimize data processing and analysis workflows.
- Ensure data accuracy and security.
- Stay updated with the latest data science tools and trends.
- Support management with data-driven recommendations.

[yarpp template="list" limit=3]

Skills Required:

- Strong analytical and problem-solving skills.
- Knowledge of machine learning and AI techniques.
- Proficiency in Python, R, or SQL.
- Experience with data visualization tools (e.g., Tableau, Power BI).
- Understanding of statistics and predictive modeling.
- Good communication and teamwork skills.

Qualifications:

- Bachelor's or Master's degree in Data Science, Computer Science, Mathematics, or a related field.
- Certifications in data science or AI are a plus.

Experience:

- 2-5 years of experience in data analysis or data science.
- Experience in HR analytics or business intelligence preferred.
