Description

Resident Engineer Job in TEP Consultants Pte Ltd Careers

Are you an experienced engineer looking for a new challenge? TEP Consultants Pte Ltd is hiring a **Resident Engineer**. This job is great for people who enjoy managing construction projects and ensuring quality work. You will oversee site activities, check project progress, and ensure everything follows safety and design standards. If you have strong technical knowledge and like working on-site, this job is for you!

(adsbygoogle = window.adsbygoogle || []).push({});

Responsibilities:

- Supervise construction work on-site.
- Ensure the project follows design and safety guidelines.
- Work closely with contractors and project teams.
- Check materials and workmanship for quality.
- Solve technical problems that arise on-site.
- Keep track of project progress and report updates.
- Ensure compliance with regulations and building codes.
- Review and approve site work and materials.
- Coordinate with engineers, architects, and stakeholders.
- Attend site meetings and prepare reports.
