### Description

## Resident Engineer Job in TEP Consultants Pte Ltd

TEP Consultants Pte Ltd is looking for a **Resident Engineer** to join our team! If you have engineering experience and enjoy working on-site, this job is for you! You will oversee construction projects, ensure quality, and manage site activities.

(adsbygoogle = window.adsbygoogle || []).push({});

### Responsibilities:

- Supervise and inspect construction work on-site.
- Ensure all work meets project specifications and safety standards.
- Coordinate with contractors, consultants, and authorities.
- Review technical drawings and ensure proper implementation.
- Monitor project progress and report any issues.
- Solve on-site engineering problems quickly.
- Ensure materials and workmanship meet quality standards.
- Keep accurate records of site activities and inspections.
- Conduct safety checks and enforce regulations.
- Assist in testing and commissioning processes.

### Hiring organization

Consultants Pte Ltd

### Date posted

February 16, 2025

### Valid through

28.02.2025

APPLY NOW

[yarpp template="list" limit=3]

### **Skills Required:**

- Strong knowledge of engineering and construction practices.
- Good problem-solving and decision-making skills.
- Ability to read and interpret technical drawings.
- Excellent communication and teamwork skills.
- Attention to detail and ability to work under pressure.
- Familiarity with safety regulations and site management.

### **Qualifications:**

- Degree or diploma in Civil, Structural, or Mechanical Engineering.
- Certification as a Resident Engineer is a plus.

### **Experience:**

- At least 3-5 years of experience in construction or engineering projects.
- Experience in site supervision and project coordination preferred.
