Requirements:

- Relevant trade qualification (e.g., Certificate III in Carpentry).
- Ability to read blueprints and technical drawings.
- Strong manual dexterity and experience with carpentry tools.

4. Registered Nurse

Description: Registered nurses provide healthcare services in hospitals, clinics, and community settings. Responsibilities include patient care, administering medications, and collaborating with healthcare teams.

Requirements:

- Bachelor of Nursing degree and registration with the Australian Health Practitioner Regulation Agency (AHPRA).
- Strong clinical skills and knowledge of healthcare practices.
- Previous nursing experience in a clinical setting.

5. Welder

Description: Welders join metal parts together using various welding techniques such as MIG, TIG, and arc welding. Tasks include reading blueprints, preparing materials, and performing welding operations.

Requirements:

- Relevant trade qualification (e.g., Certificate III in Engineering – Fabrication Trade).
- Proficiency in different welding techniques and equipment.
- Experience in welding and metal fabrication.

6. Software Developer

Description: Software developers design, develop, and maintain software applications and systems. Responsibilities include writing code, testing software, and collaborating with other developers and stakeholders.

Requirements:

- Bachelor's degree in Computer Science or related field.
- Proficiency in programming languages such as Java, Python, or C++.
- Experience in software development and project management.

7. Civil Engineer

Description: Civil engineers design, plan, and oversee construction projects such as roads, bridges, and buildings. Duties involve conducting site inspections, preparing project plans, and ensuring compliance with regulations.

Requirements:

- Bachelor's degree in Civil Engineering.
- Professional registration with Engineers Australia.
- Strong understanding of engineering principles and project management experience.

8. Chef

Description: Chefs prepare and cook meals in restaurants, hotels, and other food establishments. Tasks include planning menus, managing kitchen staff, and ensuring food quality and safety standards.

Requirements:

- Relevant qualification (e.g., Certificate III in Commercial Cookery).
- Culinary skills and creativity in menu planning.
- Experience in a professional kitchen environment.

9. Mechanic

Description: Mechanics inspect, maintain, and repair vehicles and machinery. Responsibilities include diagnosing mechanical issues, performing repairs, and conducting routine maintenance.

Requirements:

- Relevant trade qualification (e.g., Certificate III in Light Vehicle Mechanical Technology).
- Strong diagnostic and mechanical skills.
- Experience in automotive or machinery repair.

10. IT Support Specialist

Description: IT support specialists provide technical assistance to computer users. Tasks include troubleshooting hardware and software issues, installing and configuring systems, and maintaining IT infrastructure.

Requirements:

- Bachelor's degree in Information Technology or related field.
- Proficiency in computer systems and network troubleshooting.
- Experience in IT support and customer service.
