Description

Technician Job in Search Index Pte Ltd (Generator Experience, 1-Year Contract)

Are you experienced in working with generators and enjoy hands-on technical work? Search Index Pte Ltd is hiring a Technician for a 1-year contract role. In this position, you will maintain and repair generators, ensuring they operate smoothly. If you have a knack for troubleshooting and are ready to take on new challenges, this is a great opportunity for you!

Responsibilities:

- Perform routine maintenance and repairs on generators.
- Diagnose and troubleshoot generator issues effectively.
- Conduct inspections to ensure generators meet operational standards.
- Replace faulty parts and carry out necessary adjustments.
- Ensure proper documentation of maintenance and repair work.
- Operate tools and equipment safely while performing tasks.
- Work closely with the team to meet project deadlines.
- Respond promptly to breakdowns or emergencies.
- Maintain a clean and organized work environment.
- Ensure compliance with safety standards and procedures.
